This deposit contract represents the buyer's promise to purchase the puppy listed above and the seller's promise to hold the puppy. This protects the buyer and seller by preventing any confusion as to which puppy the buyer has placed a deposit on and which puppy the seller is holding. The seller will not accept a deposit without the puppy having a microchip. If the puppy is too young to receive a microchip at the time of the deposit, the color & markings of the puppy will be placed on this contract in lieu of a microchip number.

After the deposit has been made, if for any reason the buyer changes his or her mind or does not pick up the puppy on or before the pickup date, the buyer forfeits their deposit. Deposits are non-refundable but do go towards the purchase price of the puppy. The only way a deposit will be refunded is if something happens to the puppy during the holding period, such as it becoming ill or passing away.

Puppies are expected to be picked up by the time they reach 8 weeks of age (this is typically the "Pick Up" date on page 1 of this contract). If circumstances do not allow for you to pick up your puppy by this date, please contact us before signing this agreement to discuss options. We make every attempt to reasonably accommodate your schedule, but a sitting fee may apply if the holding period is extended to a point beyond what we deem reasonable accommodations (sitting fee will be \$7/day and includes any vaccinations, de-wormer, vet care, and any other miscellaneous costs that may be incurred while the seller is holding the puppy). This fee will be discussed beforehand and added to a new version of this contract.

If your puppy has not been picked up by 10 days after the agreed upon pickup date and no further arrangements have been made for pickup, the puppy becomes property of the seller and the seller regains full rights to the puppy.

All of the puppy's paperwork will be provided at the time of pick up.

NOTE: FINAL PAYMENTS ARE CASH ONLY.
